DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

After reviewing this Application it became evident that certain IDS papers were not acknowledged and signed by the Examiner. Therefore accompanying this Communication please find a copy of the acknowledged and signed IDS FORMS. Patentability of Applicants' claims has not been adversely affected by this review. It is further noted that an IBM Technical Disclosure Bulletin which was submitted by Applicants should have been placed under a Heading of "OTHER MATERIALS (Including Title, etc)" or the like (which has been done for the Applicants by the Patent Office) rather than under the heading "U.S. Patent Documents" ..

Any inquiry concerning this communication or earlier communications from the examiner should be directed to C. J. Arbes whose telephone number is 571-272-4563. The examiner can normally be reached on M, T, R and F from 8 to 6.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
